as possible. We should all write to the Bank of England and demand they reinstate the old style note or introduce a new design incorporating the "Money Angel"!!!

Whenever you have money worries call upon the Angels of Awakening and read an affirmation from my book.

The Lesson of Abundance ©

Abundance consciousness is a state of being.

Have faith in the knowledge that all will be provided for you, as love and money moves freely through your life.

Give without fear, criticism or judgements.

Know the abundance will be shared with you ~ go with the law of least resistance.

When you feel safe, content and wealthy in a spiritual sense you will want for nothing~ you know the angels will supply everything you desire.

Abundance is trusting in the Universal Flow
